

IIC Celebration Activity	: National Technology Day
Activity name	: TechTalks: Emerging Technology PPT Showcase
Date	: 11-05-2026 (Monday)
Time	: 9:00 am – 5:00 pm
Venue	: W 202 and W305 of CEMK
Level of activity	: 2
Audience / Participants	: Students, Faculty and Staff members of CEMK
Mode	: Offline
Total Participants	: 42

Objective of the Event

The objective of the event was to celebrate National Technology Day by creating awareness among undergraduate engineering students about emerging and innovative technologies. The activity aimed to encourage students to explore recent technological advancements and present their ideas effectively through PowerPoint presentations. It also intended to enhance students' technical knowledge, communication skills, creativity, and confidence while promoting a culture of innovation and learning under the Institution's Innovation Council (IIC).

Key Outcomes of the Activity

The event witnessed enthusiastic participation from students, who presented on various technology-oriented topics. The activity enhanced students' research, analytical, and presentation skills while encouraging interaction and exchange of innovative ideas. It also increased awareness regarding current technological trends and their practical applications, thereby motivating students to explore future-oriented technologies and innovative solutions.

Benefit in Terms of Learning

The activity helped students to gain better understanding of emerging technologies and their applications in real-world scenarios. It improved their technical presentation and public speaking abilities, along with critical thinking and problem-solving skills. The event also boosted students' confidence in expressing technical concepts before an audience and inspired them towards innovation, entrepreneurship, and continuous learning in the field of technology.
