Report on

Celebration of the
27th Foundation Day

Commemorated on

23rd September, 2024 at Balaka Mancha

COLLEGE OF ENGINEERING & MANAGEMENT, KOLAGHAT

KTPP Township, Purba Medinipur, West Bengal – 721171.

&

Affiliated to

Maulana Abul Kalam Azad University of Technology, West Bengal.

Preamble:

Foundation Day is a significant occasion that marks the establishment of an organization, institution, or community. It serves as a reminder of the values, missions, and vision that initiated the journey of the entity.

The 27th Foundation Day of the college was celebrated on 23rd September, 2024 at 'Balaka Mancha' during 2:00 – 6:00 PM. Through this event, we commemorated our journey, achievements, and aspirations for the future. The celebration aimed to foster a sense of community and pride among attendees, highlighting the values and vision instilled since the institution's inception.

The objectives of the celebration were

1. To honor the founding members and significant milestones of the organization.
2. To foster a spirit of camaraderie and belonging among members, staff, and students.
3. To publicize the establishment among the people through media broadcasting.
4. To encourage participation from students, faculty, alumni, and stake holders.
5. To reinforce institutional values and traditions.
6. To reflect on achievements and challenges over the years and
7. To set the stage for future growth and aspirations.

A budget was prepared and approved for various expenses including venue, catering, decorations, and promotional materials.

Foundation Day Celebration Committees:

The successful organization of the Foundation Day celebration was made possible through the collaborative efforts of various committees, including the organizing, cultural, hospitality, and technical committees, each working diligently to ensure a seamless and memorable event.

a) **Celebration Committee:** A committee was formed comprising a chairman, joint conveners, and other members to oversee the planning, budget allocation and execution of the event. The committee held several meetings with members of the sub-committees to coordinate tasks, discuss progress, address challenges, and ensure smooth execution of the event plans. These meetings served as a platform to align efforts, allocate resources, and finalize schedules for various activities. Accordingly, the budget was prepared and approved to cover various expenses, including the venue, invitation cards, transport, catering, decorations, and promotional materials, ensuring all aspects of the event were adequately funded.

b) **Invitation, Reception and Transport Committee:** This committee managed the creation and distribution of invitations to students & their parents, faculty & staff with their family members, key stakeholders, alumni, dignitaries, and community leaders. The team ensured the warm reception of guests, and coordinated transportation arrangements for dignitaries and attendees. The convener and supporting members took responsibility for the seamless execution of these tasks.

c) **Cultural and Photography Committee:** The committee was tasked with organizing and overseeing cultural programs, performances, and activities during the event. The committee ensured the selection of performers, preparation of schedules, and seamless execution of all cultural segments. Additionally, the committee managed photography and videography, capturing key moments of the celebration to create lasting memories. The convener and supporting members worked collaboratively to ensure both the cultural and visual documentation aspects of the event were handled efficiently.

d) **Stage Committee:** This committee was responsible for the planning, setup, and management of the stage activities during the event. This included arranging stage decorations, seating arrangements for speakers and performers, audio-visual equipment, and ensuring a smooth flow of the program. The committee also coordinated with other sub-committees to manage rehearsals, provide assistance to performers, and oversee any technical requirements. The convener and team members ensured that all stage-related tasks were executed flawlessly to maintain the event's decorum and professionalism.

e) **Auditorium Management Committee:** The members of this committee played a crucial role in ensuring the smooth execution of the function. They meticulously planned and executed a seamless check-in process for students, faculty & staff and their family members, parents, guardians, certificate recipients, and other guests, ensuring they were guided to their pre-allocated seats. During the event, the committee efficiently managed the audience, ensuring a well-organized and peaceful conclusion to the program.

f) **Refreshment Committee:** The team efficiently selected food items for the refreshment packets while staying within budget. They meticulously arranged the packets, along with tea and water bottles, for the distinguished speakers, dignitaries, and guests. Additionally, they ensured the smooth distribution of refreshments to all attendees in the auditorium. Their efforts extended beyond distribution, as they took proactive steps to clean up and dispose of waste responsibly, maintaining hygiene and cleanliness throughout the event.

g) **Certificate Committee:** The members of this team meticulously arranged certificates and medals for yearly and degree toppers, categorized branch-wise. They ensured that all certificates were properly printed, signed, and organized as per the recipient list. The team systematically sequenced the certificates for efficient distribution and ensured that they were handed over in a well-organized and professional manner.

The Celebration Ceremony:

The Foundation Day ceremony commenced with an opening song, '*Saraswati Vandana*', performed by the students as a symbol of auspicious beginnings and blessings for wisdom, learning, and intellectual growth with a sacred invocation, reinforcing values of discipline, knowledge, and enlightenment. The

director, chief guest, special guests, and other distinguished persons were invited onto the dais and honored with flower bouquets and sashes. Following this felicitation ceremony, the dignitaries lit the traditional lamp, marking and symbolizing the sacred act of dispelling of darkness and the arrival of light, welcoming wisdom, knowledge, and the triumph of good over evil.

Welcome address and presentation of Annual Report by the Director:

In his welcome address and presentation of annual report, the Director began by outlining the institute's mission and vision, emphasizing its commitment to academic excellence and holistic development. He shared the progress made in various departments, focusing on their key achievements over the past year. The Director highlighted the growth of the institution's research and journal publications, along with significant infrastructure developments that have enhanced the campus facilities.

The Director also provided an overview of the activities and initiatives undertaken by different departments, including the library and the ECS department. He discussed the success of summer training programs, placement activities, and the institute's efforts in aptitude and soft skills training, ensuring that students are well-prepared for the professional world. In addition, he touched upon the active involvement of students in NSS and NCC activities, which contribute to their personal and social development.

Furthermore, the Director emphasized the availability of scholarship opportunities and tuition fee waiver schemes, reflecting the institution's commitment to supporting deserving students. He also ensured that the institute was in full compliance with fire safety standards. Concluding his report, the Director underscored the importance of NBA accreditation and other accreditation processes in maintaining the institute's high academic standards and reputation.

Keynote Address by Mr. Subhra Shankha Mukherjee:

Among the keynote speakers, Mr. Subhra Shankha Mukherjee, Sr. Divisional Electrical Engineer (IES), South Eastern Railway and former student of this institute, recalled the culture and practices followed during his time at CEMK. He encouraged the students to develop their skills through continuous practice. He delivered an insightful and motivating address, urging the audience to break free from self-imposed limitations and to embrace opportunities outside their comfort zones. The core message focused on the idea that many individuals often limit

themselves by thinking they are not suited for certain roles or challenges, particularly when it comes to administration, leadership, or tasks beyond their technical expertise.

The speaker expressed gratitude for the opportunity to address the audience and acknowledged the honor of sharing the stage with distinguished dignitaries. He also acknowledged the efforts of the Alumni group and the ongoing connection with the college, emphasizing the personal importance of this association. In conclusion, the speaker encouraged the audience to believe in their potential, dismiss fear, and step forward confidently to explore their capabilities.

Special Address by Prof. (Dr.) Damodar Acharya:

Prof. (Dr.) Damodar Acharya, former Director of IIT, Kharagpur and former Chairman, AICTE was the Special Guest of Honor. As a distinguished academic leader, he shared insights into India's education system and its evolution. He highlighted three institutions in India that emerged from repurposed infrastructure:

1. University of Roorkee – Developed from leftover materials from the Gangadhar project.
2. Burla Engineering College, Odisha – Built using materials left over from the Hirakud Dam construction.
3. CEMK – Established with resources from the Kolaghat Thermal Power Project.

Dr. Acharya emphasized the importance of skill development beyond traditional education. He pointed out that while India produces 1.5 million engineers annually, only a small percentage are truly employable. He encouraged students to:

- Aim for better job opportunities in India and abroad.
- Improve communication skills, especially in English, for better global prospects.
- Engage in active problem-solving from the early years of engineering education.

He concluded by stressing the significance of listening to English news channels like BBC and Voice of America, summarizing daily learnings, and practicing structured communication.

Speech by Mr. Anurag Kirti:

Mr. Anurag Kirti, HR-India at Lexmark International and former HR at Wipro Technologies, delivered an enlightening talk on the evolving job market, offering valuable insights to students. He emphasized the importance of focusing on building practical skills rather than

solely concentrating on academic grades. According to Mr. Kirti, real-world competencies are what employers look for, and students should ensure their resumes reflect these skills, demonstrating their ability to contribute effectively in the workplace.

Furthermore, Mr. Kirti highlighted the significance of maintaining a positive attitude and adaptability in today's dynamic professional environment. He encouraged students to be open to change and continuously adapt to new challenges, as these qualities are essential for success across all industries. His address was well-received, leaving students with a clear understanding of how to prepare for and thrive in the competitive job market.

Speech by Col. Sherawat:

Col. Sherawat, Head of Administration at Ramco Cements Ltd., Mecheda, delivered an insightful address on the key factors for enhancing employability in the global job market. He emphasized the importance of learning foreign languages, particularly in today's interconnected world, as it opens up a wide range of international job opportunities. Col. Sherawat encouraged students to view language acquisition as a valuable skill that can give them a competitive edge in their careers.

Additionally, Col. Sherawat highlighted the significance of improving English speaking skills through consistent practice. He recommended methods such as mirror-speaking, self-recording, and engaging in public speaking to build confidence and fluency. He also urged students to reduce the time spent on social media and shift their focus toward productive learning. His advice was well-received, offering practical strategies for students to enhance their professional development and personal growth.

Release of 'Corona' College Magazine (2024 Edition):

The release of the institute's annual magazine, Corona 2024, was a significant highlight of the Foundation Day celebrations. This edition of the magazine features a rich collection of articles contributed by students, faculty, and staff members, reflecting the institution's vibrant intellectual and creative spirit. The magazine covers a wide range of topics, including academic achievements, technological advancements, personal experiences, stories, poems, literary pieces, and thought-provoking ideas, offering a comprehensive look into the diverse perspectives within the institute.

The magazine was officially released by Prof. (Dr.) Bhavani Prasad Sinha, a distinguished academician and former Dean of the Indian Statistical Institute, Kolkata. His presence added great value to the occasion. The event not only marked the release of this remarkable publication but also celebrated the collective efforts of the entire academic community in contributing to it.

Corona 2024 stands as a testament to the collaboration, creativity, and academic engagement of everyone involved, making it a proud moment for the institute as it continues to foster intellectual growth and creative expression.

Speech by Prof. (Dr.) Bhavani Prasad Sinha:

Prof. Sinha conveyed a sense of shared pride in celebrating the 27th anniversary of the institution, which was established in 1998 - at a time when the IT industry was witnessing rapid expansion, particularly with the onset of the Y2K era. He spoke about the significant contributions of CEMK to the society over the past 27 years, through appropriate teaching and learning process by providing a large number of skilled young engineers across various disciplines, who built their successful careers in both industry and academia. Apart from this success, he emphasized the importance of

identifying and addressing key discrepancies with proper planning to shape future activities and work towards making CEMK an institute of excellence.

The speaker highlighted the phenomenal and rapid advancements in electronics, computer science, and communication over the past sixty years, which had led to the development of powerful, small-sized, low-cost handheld computers. He added that these advancements, along with evolving reliable and efficient communication techniques, have played a key role in shaping human civilization through the deployment of various sensors, ultimately resulting in the Internet of Things, or the Internet of Everything, today. He also pointed out to the importance of Artificial Intelligence (AI), Machine Learning (ML), and advancements in cryptography and quantum computing, which will play crucial roles in managing the future' ever-growing complexities.

Prof. Sinha stressed the importance of updating the curriculum to address emerging technological areas such as IoT, data science, cybersecurity, and cloud computing. He expressed concern that simply adding new courses would not be enough; rather, it would require faculty development through rigorous training programs and a strong focus on research to keep pace with technological changes while maintaining the quality of teaching and learning

to tackle future challenges. He concluded and affirmed CEMK's potential to continue its journey toward becoming a premier institution of excellence by fostering innovation, research, and skill development.

Speech by Alumni:

The alumni speech on Foundation Day reflected on the institution's growth and its pivotal role in shaping the careers and lives of its graduates. The speaker shared personal experiences of their time at the institution, emphasizing the valuable lessons learned and the strong foundation provided, which contributed to their success in their professional journey. The alumni highlighted how the institution's commitment to academic excellence, skill development, and fostering a sense of community played a crucial part in preparing them for challenges beyond graduation.

The speech also focused on the importance of staying connected to the values instilled during their time at the institution, such as integrity, perseverance, and innovation. The alumni encouraged current students to embrace every opportunity for learning and growth, stressing that the foundation laid during their studies would continue to serve them throughout their careers.

In conclusion, the alumni speaker expressed gratitude for the guidance and support received from faculty and staff, acknowledging the lasting impact the institution had on their personal and professional life. The speech served as both a reflection on the institution's legacy and an inspirational message for the future generations of students.

Certificate & Medal Distribution:

The certificate and medal distribution ceremony was a momentous occasion, recognizing the hard work and achievements of students across various disciplines. The event, held as part of the Foundation Day celebrations, honored those who had demonstrated excellence in academics. The ceremony was marked by a sense of pride and accomplishment as students received their well-deserved recognition.

During the ceremony, certificates and medals were presented to the top performers in each discipline, recognizing those with the highest YGPA and DGPA for the academic session 2023-24. This honor celebrated their exceptional academic achievements. The awardees, filled with pride, were warmly applauded by their peers, faculty, and families. Each recipient was commended for their hard work and dedication, with special recognition given to those who had made significant contributions to the growth and success of the institution.

The event concluded with congratulatory remarks from the dignitaries, who encouraged the students to continue striving for excellence and making meaningful contributions to society. The ceremony served as an inspiring reminder of the students' potential and the institution's commitment to nurturing future leaders and innovators.

Speech by Prof. (Dr.) Rajat Kumar Pal:

The Foundation Day speech emphasized the importance of looking forward with a clear vision while celebrating the institution's achievements. Prof. (Dr.) Rajat Kumar Pal, Professor, University of Calcutta and Hon. Member, BOG, CEMK, highlighted the core values that guide the institution: the pursuit of knowledge, fostering innovation, and empowering individuals. These principles, the speaker noted, are vital in today's rapidly evolving world and must continue to shape the institution's future.

A key focus of the speech was the importance of continuous learning. The speaker urged that education should extend beyond the classroom, promoting a culture where both students and faculty actively seek new knowledge. The speech also stressed the need to enhance practical and technical skills, preparing students for the competitive job market through hands-on training, internships, and real-world projects. Additionally, soft skills like communication, teamwork, and problem-solving were emphasized as equally important.

Lastly, the speaker called for the institution to stay at the forefront of technological advancements and research. By embracing cutting-edge technologies and fostering a research-driven culture, the institution can ensure its students are equipped not only to use existing technologies but to innovate and create new ones. The speech concluded with a rallying call for everyone to commit to these goals, turning the institution into a center of excellence and preparing students to become leaders, innovators, and change-makers.

Vote of Thanks:

Prof. Abhishake Kar delivered a thoughtful and gracious Vote of Thanks at the conclusion of the Foundation Day celebrations. He began by expressing heartfelt gratitude to all those who contributed to the success of the event, starting with the esteemed guests, whose presence and valuable insights inspired everyone present.

He also extended his thanks to the faculty and staff for their unwavering dedication in shaping the institution and nurturing the students' growth. Prof. Kar recognized the students as the heart of the institution, commending their enthusiasm and ambition as they represent the future leaders and change-makers.

Finally, he acknowledged the organizers and volunteers for their hard work in ensuring the event ran smoothly. In his closing remarks, Prof. Kar called on everyone to continue upholding the institution's core values of excellence, integrity, and innovation, and to work together toward an even brighter future for the institution.

Cultural Programs:

The cultural program during the Foundation Day celebration was a delightful blend of song, recitation, instrumental music, and dance, showcasing the incredible talent of the students. The event featured a mixed sequence of performances, each adding a unique flavor to the celebration.

The program began with a soulful song that set a reflective and celebratory mood. Following the song, a captivating recitation was delivered, with students expressing deep emotions and connecting with the audience through their powerful words. This was followed by an instrumental performance, where students skillfully played a variety of instruments, creating a harmonious and captivating atmosphere.

The event concluded with an energetic and vibrant dance performance, where students showcased their creativity, rhythm, and passion. The cultural program was a fitting tribute to the spirit of the Foundation Day celebration, demonstrating the institution's commitment to nurturing the artistic talents of its students.

Gracious Presence of the Hon. MIC of Dept. of Fisheries, Govt. of West Bengal:

The Foundation Day celebration was graced by the esteemed presence of Shri Biplab Roy Chowdhury, MLA and Minister of the Department of Fisheries in the Government of West Bengal, whose participation added significant value to the event. Mr. Roy Chowdhury was warmly welcomed and felicitated with a bouquet of flowers and a sash, recognizing his momentous presence during the cultural program.

Despite his busy schedule, Mr. Roy Chowdhury took the time to enrich the occasion with a short yet impactful address. His words were inspiring and added a sense of encouragement to the event, reflecting his commitment to public service and the development of the community. His presence was truly appreciated by all, making the celebration even more memorable and special for everyone in attendance.

Conclusion:

In conclusion, the Foundation Day celebration was a resounding success, thanks to the dedicated efforts of our student volunteers, celebration committee members, and all the faculty and staff members who contributed, both directly and indirectly, to making this event a grand success. The student anchors beautifully coordinated and announced each segment of the event, from introducing the dignitaries and guiding the lighting of the lamp to inviting speakers and performers, all with gratitude, inspiring words, and praise. The cultural program further added to the vibrancy of the event, with students showcasing their talent and energy. Overall, the celebration reflected the spirit of the institution, and we look forward to continuing this journey of growth and achievement together.

Invitation Card

COLLEGE OF ENGINEERING & MANAGEMENT, KOLAGHAT

P.O. KTPP Township, Purba Medinipur, PIN-721171

(Sponsored by- Vidyasagar Society for Integrated Learning)

Estd.- 1998

Members of the Governing Body and the Director of the college request the pleasure of your company on the occasion of the 27th Foundation Day Celebration on Monday the 23rd September, 2024 to be held at the 'BALAKA MANCHA', KTPP Township, Kolaghat, at 2-00 pm onwards.

Sri Biplab Roy Chowdhury, Hon. MIC (Independent charge) of Department of Fisheries, Govt. Of West Bengal has kindly given his consent to grace the occasion as the Chief Guest.

Prof. (Dr.) Bhabani Prasad Sinha, Ex. Dean, ISI, Kolkata will be the Guest of Honour.

Prof. (Dr.) Damodar Acharya, Ex. Director, IIT, Kharagpur and Ex-Chairman, AICTE will be the Special Guest of Honour.

Sri Subhra Sankha Mukherjee, Sr. Divisional Electrical Engineer, South Eastern Railway will grace the occasion as Special Guest.

R.S.V.P. 03228-250971

Date: 11th September, 2024

Prof. (Dr.) Dilip Kumar Gayen

Director & Member Secretary

Governing Body

Programme Overleaf

All are requested to take their seats by 1-59 p.m.

PROGRAMME SCHEDULE

23rd September, 2024

Venue: Balaka Mancha

2-00 pm : Lighting of the Lamp

2-05 pm : Opening song by the students

2-10 pm : Welcome address and Annual report by the Director

2-30 pm : Address by Shri Anurag Kirti, Special Guest

2-35 pm : Address by Sri Subhra Sankha Mukherjee, Special Guest

2-40 pm : Address by Prof. (Dr.) Bhabani Prasad Sinha, Guest of Honour

2-50 pm : Release of Tech-Cultural Magazine, Corona-2024

2-55 pm : Address by Prof. (Dr.) Damodar Acharya, Special Guest of Honour

3-05 pm : Distribution of prizes, Medals and Certificates to the students

3-20 pm : Address by Sri Biplab Roy Chowdhury, Chief Guest

3-30 pm : Presidential address by the Chairman, BOG, CEMK

3-40 pm : Vote of Thanks

3-45 pm : Cultural programme by the students, faculty and staff members

List of Dignitaries

1. **Shri Biplab Roy Chowdhury**, Hon. MIC (Independent charge) of Department of Fisheries, Govt. Of West Bengal – Chief Guest

2. **Prof. (Dr.) Bhabani Prasad Sinha**, Ex. Dean, ISI, Kolkata - Guest of Honour.

3. **Prof. (Dr.) Damodar Acharya**, Ex. Director, IIT, Kharagpur and Ex-Chairman, AICTE - Special Guest of Honour.

4. **Shri Subhra Sankha Mukherjee**, Sr. Divisional Electrical Engineer (IES), South Eastern Railway - Special Guest (Alumnus of CEMK-2003 Passout Batch)

5. **Shri Anurag Kirti, HR** – India, Lexmark International (Ex-HR, Wipro Technologies) – Special Guest

6. **Prof. (Dr.) Rajat Kumar Pal,** Professor, University of Calcutta – Hon. Member, BOG, CEMK

7. **Shri Mrityunjay Saha,** HOD-HR, The Ramco Cements Ltd., Mecheda

8. **Col. Sherawat**, Head of Administration at Ramco Cements Ltd., Mecheda

9. **Prof. (Dr.) Dilip Kumar Gayen,** Director and Member Secretary, BOG, CEMK

Annexure-3
List of Certificate and Medal Recipients

1st year Merit List (Session: 2023-2024)
List of Students of Batch 2023-2027 Secured Highest YGPA (1st and 2nd semester)

Sl	Name	Department
1	Piyali Dutta Khan	Computer Science and Engineering (CSE)
2	Rajib Bodhak	Information Technology (IT)
3	Sohima De	Electronics and Communication Engineering (ECE)
4	Arijit Bhowmik	Mechanical Engineering (ME)
5	Aishik Das	Electrical Engineering (EE)
6	Suman Giri	Artificial Intelligent and Machine Learning (AIML)

2nd year Merit List (Session: 2023-2024)
List of Students of Batch 2022-2026 Secured Highest YGPA (3rd and 4th semester)

Sl	Name	Department
1	Mohammad	Computer Science and Engineering (CSE)
2	Mallika Santra	Information Technology (IT)
3	Sayan Maity	Electronics and Communication Engineering (ECE)
4	Zaz Maiti	Mechanical Engineering (ME)
5	Sharique Qamar	Electrical Engineering (EE)

3rd year Merit List (Session: 2023-2024)
List of Students of Batch 2021-2025 Secured Highest YGPA (5th and 6th semester)

Sl	Name	Department
1	Abhishek Dutta	Computer Science and Engineering (CSE)
2	Priyanka Ghosh	Computer Science and Engineering (CSE)
3	Souraja Bera	Information Technology (IT)
4	Shubhajit Bhaumik	Electronics and Communication Engineering (ECE)
5	Sribas Samanta	Mechanical Engineering (ME)
6	Debrishi Mondal	Electrical Engineering (EE)

4th year Merit List (Session: 2023-2024)
List of Students of Batch 2020-2024 Secured Highest YGPA (7th and 8th semester)

Sl	Name	Department
1	Arpita Roy	Computer Science and Engineering (CSE)
2	Sanju Maity	Information Technology (IT)
3	Shreye Chatterjee	Electronics and Communication Engineering (ECE)
4	Manodip Jana	Mechanical Engineering (ME)
5	Sourav Patra	Electrical Engineering (EE)

Overall B. Tech. Degree Merit List (Session: 2020-2024)
List of Students of Batch 2020-2024 Secured Highest CGPA (1st to 8th semester)

Sl	Name	Department
1	Debakshi Bhattacharjee	Computer Science and Engineering (CSE)
2	Sanju Maity	Information Technology (IT)
3	Devdarshana Dey	Electronics and Communication Engineering (ECE)
4	Sayed Kurban Hossain	Mechanical Engineering (ME)
5	Pranay Bhattacharjee	Electrical Engineering (EE)

M. Tech. in Mechatronics Engineering Merit List (Session: 2022-2024)
List of Students of Batch 2022-2024 Secured Highest CGPA (1st to 4th semester)

Sl	Name	Department
1	Snehajit Sarkar	Mechanical Engineering (ME)

Annexure-4
List of Participants in the Cultural Programme

Anchoring:

Sl	Name	Department
1	Sindrela Mondal (AIML/23/36)	Artificial Intelligent and Machine Learning (AIML)
2	Adarsh Raj (CSE/23/083)	Computer Science and Engineering (CSE)
3	K Yogesh Sathvik (CSE/22/069)	Computer Science and Engineering (CSE)
4	Swikriti Das (ECE/22/26)	Electronics and Communication Engineering (ECE)

Song:

Sl	Name	Department
1	Soumyadip Masanta (CSE/22/109)	Computer Science and Engineering (CSE)
2	Mahasweta Malik (CSE/23/L198)	Computer Science and Engineering (CSE)
3	Soumili Sengupta (ECE/22/17)	Electronics and Communication Engineering (ECE)
4	Suvalina Maity (IT/22/17)	Information Technology (IT)
5	Disha Dutta (ECE/22/78)	Electronics and Communication Engineering (ECE)
6	Raunak Upadhyay (ECE/22/58)	Electronics and Communication Engineering (ECE)
7	Rimita Bag (CSE/24/109)	Computer Science and Engineering (CSE)
8	Amrita Adak (CSE/24/072)	Computer Science and Engineering (CSE)
9	Tiyasa Maity (EE/24/16)	Electrical Engineering (EE)

Recitation:

Sl	Name	Department
1	Riya Dey (CSE/23/029)	Computer Science and Engineering (CSE)
2	Suvalina Maity (IT/22/17)	Information Technology (IT)
3	Sindrela Mondal (AIML/23/36)	Artificial Intelligent and Machine Learning (AIML)

Instrumental:

Sl	Name	Department
1	Soumili Sengupta (ECE/22/17)	Electronics and Communication Engineering (ECE)
2	Rupak Sen (ECE/23/012)	Electronics and Communication Engineering (ECE)

Dance:

Sl	Name	Department
1	Rimi Pal (IT/22/21)	Information Technology (IT)
2	Soumili Parai (CSE/23/026)	Computer Science and Engineering (CSE)
